

Berliss Companies, established in 1932, is a fourth generation, family owned business that specializes in the manufacturing and supply of mechanical seals, roller bearings, ball bearings and custom bearings & assemblies.

Berliss is a proud manufacturer of high quality low cost replacement seals for submersible pumps. We offer a variety of replacements of upper & lower seals, double component seals and plug-in seals.

Submersible pump replacement seals offered by Berliss range in size from 15mm to 120mm. These seals are produced to industry standards and, based on the pump requirements, utilize materials such as Carbon, Ceramic, Tungsten Carbide and others.

At Berliss Companies, we are more than delighted to utilize our expansive knowledge and experience in order to provide you with the customer service of a small business while possessing the capabilities of a large corporation. We pride ourselves on manufacturing premium products from stock at the world competitive pricing our customers have come to expect.

UPPER	LOWER	COMPONENT
FSRU-02020 - 20mm Ca/TC/N	FSRL-03020 - 20mm TC/TC/V	FSRC-01015 - 15mm SiC/SiC - SiC/Ca/V
